A Persuasive Essay

By: Abby Lawall

What is the best holiday of the year? The fourth of July is the most wonderful holiday of the year! People who may benefit from reading this essay include but are not limited to young children just learning about the holidays and people from other countries. This is an important issue to consider because each holiday only comes once a year and you want to make sure to take time to celebrate the best holiday.

What holiday has the best food? Fourth of July has the best food. I think the hotdogs are the best food of the fourth of July because they are really good and done on the grill. I always thought hotdogs on the grill is better than a hotdog in the microwave. Then other foods are hamburgers, chips, salad, and fruit, and cookies, cupcakes and fruit salad. And with my hotdog I have chips and for a drink I have coke and some macaroni salad that is the best. Then after I eat my hotdog I have cookies or cupcakes. Fourth of July has the best food than thanksgiving.

What kind of decorations does Fourth of July have? Fourth has many decorations what I do my mom and dad put up the flag. Dad has to put up the banners and my mom and I help him. Then I put out are little flags in our yard. And we hang up our big flag on the porch. It always looks so beautiful. Another thing is but I don't think this is a decoration but fireworks. Fourth of July has the better decorations than Valentine's Day. Valentine's Day does not have a lot of decorations. It only has hearts. But Fourth of July has flags and banners.

What are some of my traditions for Fourth of July? I go to my mom's Uncle's house and have a party outside. And it's so fun because I see all my family and my cousins. My mom's Uncle Name is Joe. When it gets dark we watch the fireworks. When I was little we didn't have a party. We always went to my aunt's house for her son's birthday. And we had a party for him then we went to see the fireworks. St. Patrick's Day doesn't have a lot of traditional things to do. But on Fourth of July theirs a lot of traditions to do.

Once again this is why the fourth of July is the best holiday. Because Fourth of July has the best food, decorations and traditions. So the fourth of July is one of the best holidays and I hope it's your best holiday too.
