### CPU

7th Gen Intel® Core™ i3-7100U mobile processor

### RAM

6GB system memory for dependable multitasking

### Disk Drives

1TB hard drive for ample file storage space

### Display

15.6" HD touch screen for hands-on control

### Operating System

Windows 10 operating system

**The CPU** is the brain of the computer. Smart dual-core, four-way processing performance for HD quality computing

**RAM** is the computers short-term memory, or how much data it can process at once. Sufficient high bandwidth RAM to smoothly run multiple applications and browser tabs all at once.

**Disk Drives** store your computer files. Holds a sizeable collection of digital photos, music, HD videos and DVD-quality movies. 5400 rpm spindle speed for standard read/write times

**Display:** the 1366x768 resolution boasts impressive color and clarity. Natural finger touch navigation makes the most of Windows 10. LED backlight

**Operating System:** Windows 10 brings back the Start Menu from Windows 7 and introduces new features, like the Edge Web browser that lets you markup Web pages on your screen.
